Basic Health Open Enrollment is October 12 – November 6. This is when you can change health plans for coverage in January 2010. Your notice will be mailed in early October and shows available health plans with premium and coverage changes, if any. Basic Health will allow members to add family members to their accounts but not *enroll* them until space becomes available. Basic Health will notify you when we can offer family members' coverage. If you don't receive your notice by October 17, call us at 1-800-660-9840.
